

Associate in General Insurance (AINS) Designation Program

Replacing the Program in General Insurance, the new Associate in General Insurance Designation provides you with a comprehensive knowledge of insurance principles, practices, policies, and coverage while the optional electives allow you to focus on area relevant to your professional goals. The series consists of completion of all or a variation of INS 21, INS 22 and INS 23 with optional electives. Additionally, the AINS designation provides credit for additional designations such as CPCU, AIC and AAI.

Ready to take it to the next level? Log onto www.AICPCU.org to review this and many other designations available. Still have questions? Please feel free to contact me at any time: bhayward@ga-ins.com
